Clear Cloth Tape
No. 781

Because of its semi-transparent quality, the case design and lettering can be clearly seen.

It can be torn by hand, adding height to its excellent work, and the special cloth really protects packaged items.
In addition, its excellent capacity for practical use in low temperatures allows for operations outside of cold rooms and even in low temperature warehouses.

Usage
- Packaging original cases
- Packaging many of the items mentioned
- Short time packaging operations
- Packaging where opening it is important

New Clear Cloth Tape

Recycled Type Using Recycled PET in Semi-Clear Cloth Tape

Because of its soft base material, it is most suitable for packaging where complete sealing is required. Also, its semi-clear quality ensures that it does not stand out. It can be relied on in a wide variety of work conditions such as low temperatures required in Cool Bin delivery. It is not only water resistant but also most suitable for Styrofoam case packaging.

Usage
- Packaging original cases
- Packaging with numerous items to record
- Short time packaging operations
- Packaging where opening is important
